

Unique Outdoor Setting
Brownstone Park's Team Building
is the Perfect fit for
your Group

AN EXCEPTIONAL TEAM BUILDING ADVENTURE

Prepare to be inspired by Brownstone Park's team building programs. Our programs offer physical and mental challenges while emphasizing: leadership skills, teamwork, self-reliance, communication skills, accountability and trust building. Team building programs are offered May through October with three levels designed to accommodate any budget or group size.

BROWNSTONE PARK'S BENEFITS

Brownstone Park's Benefits

- **Conveniently located** in Portland, CT. Less than 30 minutes from Hartford, Waterbury and New Haven. Less than 45 minutes from Springfield, MA.
- **Affordable.** Offering three levels of programs. Plan your program according to your budget.
- **Unique, natural setting.** Beautiful surroundings built into the historic 29 acre Portland quarry.
- **Flexible programs** are adaptable to your group's individual requirements.

TEAM CHALLENGE COURSE

Our "Survivor" type challenge course features land and water based activities with varying levels of physical and mental challenges. Individuals gain confidence in themselves and their teams by climbing walls and crossing quarry waters. The course is set up as a head to head competition of teams of 4 to 8 people. Choose from up to 8 elements and create a customized relay race encouraging strategic development and teamwork. Teams can participate in rock climbing or the famous Brownstone tug of war.

This is a fun, fast paced activity ideal for developing team spirit. The challenge course is approximately 30 minutes per set of 2 teams. \$10.00 per person. All team building programs require the purchase of appropriate park entrance fees.

RAFT BUILDING CHALLENGE

The Raft Building challenge is an exciting team building activity designed to enhance communication skills and encourage high functioning teams. Teams build and race their own rafts on the quarry. This exercise helps teams find common ground by developing "active listening" skills and effective communication methods to provide productive feedback. Raft building focuses on real business skills by challenging traditional problem solving, encouraging cooperation and working under pressure. Teams use ropes, planks, oars, flotation devices and plastic barrels to build a raft and win the race! Raft building is a ½ day activity and is facilitated by a Brownstone team member. \$25.00 per person. All team building programs require the purchase of appropriate Park Entrance Fees.

"IT'S ABOUT THE CLIMB" PROGRAM

Our full day program is a unique blend of Brownstone adventure coupled with engaging skill building activities. Teams are energized and challenged while participating in group activities and serious meeting content. All programs are customized to meet your objectives and ensure the most effective training possible. Our experienced, highly skilled facilitators develop team skills by illustrating commonalities within the group and assisting to establish agreed upon positive, realistic goals. Full day programs include lunch, handouts and workbooks. Follow up maintenance programs are available. Call for pricing

A TIME TO PLAY

When your group is done with their program, they have the entire park to enjoy for the remainder of the day. This versatile setting has activities for everyone. For the more mellow: relax waterside or kayak around the serene quarry. For the more adventurous: zip line across the quarry, cliff jump, wakeboard or rock climb (beginner to advanced levels). Lessons available.

The Benefits of Team Building

- Learn how to empathize with others
- Discover how to operate independently and work more efficiently together
- Express ideas and fine-tune group efforts in a safe environment
- Experience a positive shift in relationships from programs outside the typical work environment
- Enjoy the relaxation our open adventure facility has to offer
- Reap the rewards of a cohesive team
